VISA

EU citizens can enter the territory of Poland on a basis of a valid travel document (passport/ national ID). Non-EU students can enter Poland on the basis of a valid travel document (passport) and a visa. A student of a non-EU country has to obtain a visa from the Polish Embassy or Consulate. List of all Polish embassies and consular posts is available on the website of the Ministry of Foreign Affairs: [VISAS - Ministry of Foreign Affairs Republic of Poland - Gov.pl website \(www.gov.pl\)](#)

A short-term visa entitles the holder to stay in Poland for up to 3 months, a long-term visa up to 1 year. International Relations Office issues acceptance letters and the university admission form necessary in the Visa process.

INSURANCE:

EU STUDENTS:

Healthcare in Poland is available for students from EU/EEA countries, provided that they hold valid medical insurance in the national insurance system of their country. A valid passport, student identity card or doctoral student identity card and a valid European Health Insurance Card (*Europejska Karta Ubezpieczenia Zdrowotnego*) entitles its holder to medical care free of charge in Poland. Detailed information on the health care for EU/EEA citizens can be found on the website of the National Health Fund: <https://www.ekuz.nfz.gov.pl>

NON-EU STUDENTS:

If possible it is recommended that students from non-EU/EEA countries purchase their own international medical insurance prior to their arrival in Poland. Otherwise they are required to sign a voluntary health insurance agreement with the National Health Fund (*Narodowy Fundusz Zdrowia – NFZ*) and pay their own insurance fees, which amount to about EUR 15 a month. Under this insurance scheme, students are entitled to free medical care and can use university health care clinics and health centres. Also, all foreign students have the option of purchasing additional accident insurance. For detailed information visit the website of the National Health Fund: www.nfz.gov.pl.
