I chose the University of Konstanz for my stay abroad because ...

of its good reputation regarding psychology.

Before my stay it was important to have sufficient information about:

Where to live and what courses I could attend.

The courses offered in English and the course selection at the University of Konstanz were ...
good

Most challenging at the start of my studies at the University of Konstanz was ...
getting used to another teaching approach.

My local contact person(s) were most helpful with:
All the administrative things I had to deal with.

The academic support and the learning atmosphere were pleasant because ...
I was glad I took part in the Buddy Program offered by the university, where I was able to meet a lovely girl.

I would choose to study abroad at the University of Konstanz again because ...
of its overall reputation.

I will never forget this highlight during my stay abroad:
The Uni-Liga which was organised by the Hochschulsport in summer.
