**I chose the University of Konstanz for my stay abroad because ...**  
a friend told me about it. Since we are a very young university, my choice was limited.

**Before my stay it was important to have sufficient information about:**  
the course selection.

**The courses offered in English and the course selection at the University of Konstanz were ...**  
interesting. However, I could take only one. The other ones were not recognized by my home university.

**Most challenging at the start of my studies at the University of Konstanz was ...**  
finding the right room.

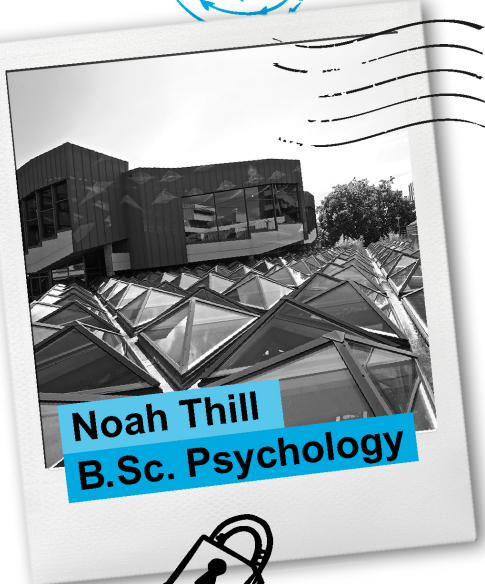

**My local contact person(s) were most helpful with:**  
everything I asked them about.

**The academic support and the learning atmosphere were pleasant because ...**  
you get a lot of information and help.

**It was easy to get in touch with local as well as other international students because ...**  
there were meet and greets organised by the University of Konstanz.

**I would choose to study abroad at the University of Konstanz again because ...**  
of the location. I absolutely love the lake.

**I will never forget this highlight during my stay abroad:**  
The meet and greet with all the other international and also local students.
