summer semester 2023

Department at UKN:

Psychology

Home university:

Università di Padova

Country:

Italy

Study programme at home university:

Scienze e tecniche psicologiche

Study circle:

Bachelor

I chose the University of Konstanz for my stay abroad because ...

it had a great selection of courses thought in English.

Before my stay it was important to have sufficient information about:

The accomodation system and the office support at university.

The courses offered in English and the course selection at the University of Konstanz were ...

enough and well made.

Most challenging at the start of my studies at the University of Konstanz was ...

getting used to the university building and the unwritten rules every new place has.

My local contact person(s) were most helpful with:

Daily life information and advices

The academic support and the learning atmosphere were pleasant because ...

the university of Konstanz is open to internationals and know how to manage it. The students are also really good at helping each other and create a support system.

It was easy to get in touch with local as well as other international students because ...

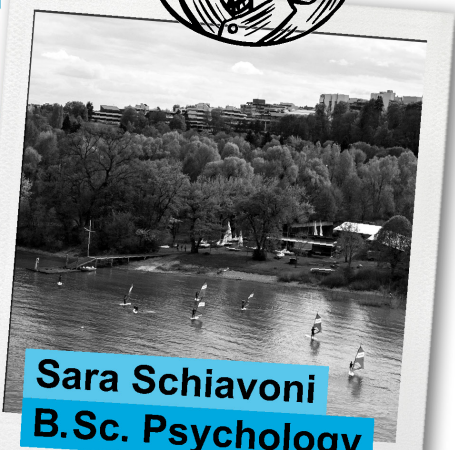

all my friends and I took part at the Buddy program and our buddies introduced us to their friends too.

I would choose to study abroad at the University of Konstanz again because ...

the environment is great and everything is well organised.

I will never forget this highlight during my stay abroad:

Having the opportunity to share my culture with friends from all over the world.

Sara Schiavoni
B.Sc. Psychology
