I chose the University of Konstanz for my stay abroad because ...

it offers many opportunities for courses. Furthermore, the summer and the location are great.

Before my stay it was important to have sufficient information about:

The courses which are offered and money/funding.

The courses offered in English and the course selection at the University of Konstanz were ...
very very good!

Most challenging at the start of my studies at the University of Konstanz was ...
to understand where to go.
The university is immense.

My local contact person(s) were most helpful with:
To understand where the classrooms were.

The academic support and the learning atmosphere were pleasant because ...
people were always available.

It was easy to get in touch with local as well as other international students because ...
the Go-Konstanz program has brought us closer.

I would choose to study abroad at the University of Konstanz again because ...
of the professors and the courses.

I will never forget this highlight during my stay abroad:
It changed my perspective of so many things!
