

Semester:

summer semester 2023

Department at UKN:

Psychology

Home university:

Istanbul Bilgi University

Country:

Turkey

Study programme at

home university:

Psychology

Study circle:

Bachelor

**I chose the University of
Konstanz for my stay abroad
because ...**

I really liked the city and I also liked the variety of courses. At my home university we don't have so many courses about neuroscience. Here, I took different courses which contained different topics.

**Before my stay it was important
to have sufficient information
about:**

The courses that I can take in English.

**The courses offered in English
and the course selection at the
University of Konstanz were ...**

easy. I think the amount of English courses was enough. There were so many different topics so that it was easy for me to decide which courses I want to take.

**Most challenging at the start of
my studies at the University of
Konstanz were ...**

the seminars. At my home university all of our courses are more like the lectures. So, I wasn't used to hold presentations for each class.

**The academic support and the
learning atmosphere were
pleasant because ...**

all the professors were so friendly. They have made it so much easier to get used to all the academic things.

**It was easy to get in touch with
local as well as other interna-
tional students because ...**

in some of my classes all of my classmates were German. However, was easy to communicate with them and they were so friendly. Furthermore, they were so helpful with everything I was struggling.

Sila Yoncacioglu
B.Sc. Psychology
